### **DETAILED ACTION**

1. This Office Action is in response to an AMENDMENT entered July 17, 2008 for the patent application 10/541306 filed on July 05, 2005.
2. All prior office actions are fully incorporated into this Office Action by reference.

### **Status of Claims**

3. Claims 3-7 are pending. Claims 1-2 have been cancelled.

### ***Claim Rejections - 35 USC § 112***

4. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

5. Claim 3-7 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

Regarding claim 6, "determining a hyper-polyhedron on a vector space shown by a peal of vectors" is not defined in the specification.

6. Appropriate correction is required.

***Claim Objections***

7. Claim 7 is objected to because of the following informalities: 'Epsilon' in equation 1 must be defined in the claim. Appropriate correction is required.

***Allowable Subject Matter***

8. Claims 3-5 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form, and overcoming the USC 112 rejection, including all of the limitations of the base claim and any intervening claims.

***Response to Argument***

9. Applicant's arguments filed July 17, 2008, regarding claims 1-5, have been fully considered and were persuasive.
10. The claim rejections under USC 103 have been withdrawn.

***Conclusion***

11. Claim 3-7 are rejected.

12. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
